Pursuant to NRS 233B.608 and 233B.609, NDSP is providing the following statements pertaining to the public hearing on proposed changes to Chapter 407 of the Nevada Administrative Code.

The need and purpose of the proposed regulation: The purpose of the proposed regulation is to update the administration of Nevada's state parks and recreation areas in NAC 407, including updating the definitions for parks and annual permits, out of state visitors, and updates the fees for annual day use and annual all access permits. The regulation also updates entrance fees associated with veterans, reflecting the conforming change set forth in Assembly Bill 102 of the 2021 Legislative Session eliminating the requirement that a person must provide proof to the Division of a permanent service-connected disability of 10 percent or more to obtain an all access annual permit for disabled veterans. This regulation authorizes the Division to collect such fees at a park or office maintained by the Division. Further, the regulation makes changes to refunds of fees or permit cost when privileges are rescinded due an infraction of park regulation.

The estimated economic effect of the proposed regulations on (a) regulated businesses and (b) the public, including, stated separately: (i) adverse and beneficial effects; and (ii) immediate and long-term effects:

(a) Regulated businesses:

(i) Adverse and beneficial effects:

NDSP anticipates no adverse effects, either direct or indirect, on regulated businesses as the result of the regulation. There will be no direct or indirect cost to regulated or small businesses. NDSP believes that there will be no beneficial effects, either direct or indirect, on regulated or small businesses as the result of these regulations.

(ii) Immediate and long-term effects:

NDSP does not anticipate any immediate effects, either adverse or beneficial, on regulated or small businesses because of these regulations. NDSP does not anticipate any long-term effects, either adverse or beneficial, on regulated or small businesses because of these regulations.

(b) The public:

(i) Adverse and beneficial effects:

NDSP views most of the regulation changes primarily as housekeeping and does not anticipate adverse impacts to the public because of these regulations. The regulation change associated with the Disabled Veterans Annual Permit will benefit veterans by reducing the requirements to be eligible for the Disabled Veterans Annual Permit from 10% to “any” permanent service-connected disability (this will make the NAC consistent with NRS). The proposed changes will make permanent the temporary fee changes that were implemented earlier in the year, however based on feedback from visitors this does not seem to adversely impact the visitor / public. The largest benefit is that NDSP will be able to continue to operate its parks without a decrease in funding which would have resulted in a decrease in services being provided.

(ii) Immediate and long-term effects:

NDSP anticipates the immediate and long-term effects will be that the agency will be able to maintain the same level of services that have been offered in the past as the increase in revenue will offset a reduction in general fund funding. One other immediate effect is that NAC and NRS will be consistent with language changes that are largely “housekeeping” in nature. The other long-term effect is that NDSP will have the regulations in place that would be necessary to begin renting out larger “group lodging” venues such as those located at the new Walker River State Recreation Area.

The estimated cost to the Division for enforcement of the proposed regulation: NDSP does not anticipate incurring any additional cost for these proposed permanent regulations.

The proposed regulation does not overlap or duplicate any existing regulation.

The proposed regulation is not required by federal law and there is no equivalent federal law.

The proposed regulation establishes a new fee for group lodging and makes permanent a statewide non-resident entrance fee and increases the cost of the Day Use and All Access Annual Permits which were increased as a temporary regulation change earlier in 2021.

Persons wishing to comment upon the proposed action of Nevada Division of State Parks may appear via virtual meeting or by telephone at the scheduled public hearing time or may address their comments, data, views, or arguments, in written form to Nevada Division of State Parks, 901 S. Stewart Street #5005, Carson City, NV 89701. Written submissions must be received by Nevada Division of State Parks on or before 1:00 p.m., October 25, 2021. If no person who is directly affected by the proposed action appears to request time to make an oral presentation, Division of State Parks may proceed immediately to act upon any written submission.

A copy of the notice and regulation to be adopted are available at the Nevada State Parks website at <https://parks.nv.gov> and the Nevada Public Notice website at <http://notice.nv.gov>. This notice and the text of the proposed regulation are also available at the State of Nevada Register of Administrative Regulations at <https://www.leg.state.nv.us/App/Notice/A/>, which is prepared and published monthly by the Legislative Counsel Bureau pursuant to NRS 233B.0653, and on the Internet at <http://leg.state.nv.us/>. Copies of this notice and the proposed regulation can also be mailed to members of the public at no charge upon request.

A workshop to solicit public comments on the proposed permanent regulations was conducted on May 20, 2021, pursuant to Nevada Open Meeting Law.

Upon adoption of any regulation, the agency, if requested to do so by an interested person, either before adoption or within 30 days thereafter, shall issue a concise statement of the principal reasons for and against its adoption and incorporate therein its reason for overruling the consideration urged against its adoption.

**PROPOSED REGULATION OF THE ADMINISTRATOR OF THE
DIVISION OF STATE PARKS OF THE STATE DEPARTMENT OF
CONSERVATION AND NATURAL RESOURCES**

LCB File No. R019-21

September 27, 2021

EXPLANATION – Matter in *italics* is new; matter in brackets ~~[omitted material]~~ is material to be omitted.

AUTHORITY: §§ 1-8, NRS 407.0475 and 407.065.

A REGULATION relating to state parks; authorizing the Division of State Parks of the State Department of Conservation and Natural Resources to collect certain fees at a park or office of the Division; revising certain requirements relating to the issuance of an all access annual permit for disabled veterans; revising provisions relating to certain fees for the use of parks; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Administrator of the Division of State Parks of the State Department of Conservation and Natural Resources to adopt such regulations as he or she finds necessary to carry out the provisions of chapter 407 of NRS governing state parks and recreational areas in this State. (NRS 407.0475) Existing law requires the Administrator to impose and collect fees for entering, camping and boating in state parks and recreational areas in this State. (NRS 407.065) Existing law also authorizes the Administrator to collect a fee for the repair, operation and maintenance of sewer, water, communication and electrical systems. (NRS 407.0765, as amended by section 2 of Senate Bill No. 53, chapter 23, Statutes of Nevada 2021, at page 98) **Section 1** of this regulation authorizes the Division to collect such fees at a park or office maintained by the Division.

Existing law provides for the issuance of: (1) annual permits that authorize a holder to enter and use the facilities at each state park and recreational area in the State without paying the entrance fee; and (2) annual permits that authorize a holder to enter and use the facilities of a specific state park or recreational area without paying the entrance fee. (NRS 407.065) Existing regulations provide for the issuance of: (1) all access permits, which authorize the holder to enter, camp and boat in all parks without paying certain fees; and (2) annual permits, which authorize the holder to enter, camp and boat in a specific state park or recreational area without

paying the entrance fee. (NAC 407.052, 407.055) **Section 2** of this regulation replaces the term “all access permit” with “all access annual permit.” **Section 3** of this regulation replaces the term “annual permit” with “day use annual permit.” **Sections 5, 6 and 7** of this regulation make conforming changes to reflect this change in terminology. **Section 5** specifies that an all access annual permit does not authorize the holder to attend special events. **Section 6** increases, from \$200 to \$250, the fee for an all access annual permit. **Section 6** also increases, from \$75 to \$100, the fee for a day use annual permit for the use of certain parks. Finally, **section 6** imposes an additional entrance fee of \$5 per vehicle for each vehicle per day that is not registered with the Nevada Department of Motor Vehicles.

Under existing law, the Division is required to issue an annual permit to certain persons without charge. (NRS 407.065) Assembly Bill No. 102 of the 2021 Legislative Session eliminates the requirement that certain veterans must have incurred a permanent service-connected disability of 10 percent or more in order to be eligible to receive such a permit without charge. (Section 1 of Assembly Bill No. 102, chapter 103, Statutes of Nevada 2021, at page 439) **Section 4** makes a conforming change relating to the provisions of Assembly Bill No. 102 by eliminating the requirement that a person must provide proof to the Division of a permanent service connected disability of 10 percent or more to obtain an all access annual park permit for disabled veterans.

Existing regulations limit the fees the Division may charge and collect for camping reservations. (NAC 407.050) **Section 4** of this regulation clarifies that: (1) a third-party system or vendor may impose a fee or service charge for making camping reservations in a park; and (2) such a charge or fee is in addition to and not subject to the limitations applicable to the Division. **Section 4** also limits the fee the Division may charge and collect for the reservation of lodging for large groups to not more than \$2,500 per day.

Existing regulations provide that fees charged for the use of a park will not be refunded if the user’s privileges are rescinded as a result of the infraction of a park regulation. (NAC 407.060) **Section 8** of this regulation provides that administrative fees collected for the issuance of a permit will not be refunded if the user’s privileges are rescinded or a permit is revoked as a result of the infraction of a park regulation.

Section 1. Chapter 407 of NAC is hereby amended by adding thereto a new section to read as follows:
