Pursuant to NRS 233B.608 and 233B.609, NDSP is providing the following statements pertaining to the public hearing on proposed changes to Chapter 407 of the Nevada Administrative Code.

1. The need for and the purpose of the proposed regulation or amendment.
The purpose of the proposed regulation is to update administrative practices and definitions, fee structures, and annual use permits for Nevada's state parks and recreation areas. The regulation includes updates to the structure and management of parks within the Tahoe Region in alignment with current practices. Additionally, the regulation reorganizes and updates the criteria for, and types of annual permits issued by the

Division, reflecting the directive from Assembly Bill 84 of the 2023 Legislative Session. The regulation aims to enhance clarity for the public by consolidating various fees related to entering, recreating, and utilizing state park facilities.

2. If the proposed regulation is a temporary regulation, the terms, or the substance of the proposed regulation to be adopted, amended, or repealed, or a description of the subjects and issues involved.

This is not a temporary regulation.

3. The estimated economic effect of the regulation on the business which it is to regulate and on the public. These must be stated separately and, in each case, must include:

- a. Both adverse and beneficial effects;

NDSP anticipates no adverse effects, either direct or indirect, on regulated businesses as the result of the regulation. There will be no direct or indirect cost to regulated or small businesses. NDSP believes that there will be no beneficial effects, either direct or indirect, on regulated or small businesses as the result of these regulations.

- b. Both immediate and long-term effects.

NDSP does not anticipate any immediate effects, either adverse or beneficial, on regulated or small businesses as a result of these regulations. NDSP does not anticipate any long-term effects, either adverse or beneficial, on regulated or small businesses as a result of these regulations.

4. The methods used by the agency in determining the impact on a small business.

The regulation does not create new fees or increase existing fees. Reorganization and consolidation of fees is housekeeping in nature, therefore there is no impact to small businesses. The regulation primarily only impacts agency operations, and the agency does not regulate, or generally interact with, small businesses.

5. The estimated cost to the agency for enforcement of the proposed regulation.

NDSP does not anticipate incurring any additional cost for these proposed permanent regulations.

6. A description of and citation of any regulations of other state or local governmental agencies which the proposed regulation overlaps or duplicates and a statement explaining why the duplication or overlapping is necessary. If the proposed regulation overlaps or duplicates a federal regulation, the notice must include the name of the regulating federal agency.

The proposed regulation does not overlap or duplicate any existing regulation.

7. If the regulation is required pursuant to federal law, a citation and description of the federal law.

The proposed regulation is not required by federal law and there is no equivalent federal law.

8. If the regulation includes provisions which are more stringent than a federal regulation that regulates the same activity, a summary of such provisions.
The regulation does not include provisions which are more stringent than a federal regulation that regulates the same activity.
9. Whether the proposed regulation establishes a new fee or increases an existing fee.
The regulation does not create any new fees or increase an existing fee, it does make fees consistent with already established statute and clarifies how fees will be administered.
10. If the proposed regulation is a temporary regulation, each address at which the text of the regulation may be inspected and copied.)
This is not a temporary regulation.

**PROPOSED REGULATION OF THE ADMINISTRATOR OF THE
DIVISION OF STATE PARKS OF THE STATE DEPARTMENT OF
CONSERVATION AND NATURAL RESOURCES**

LCB File No. R123-23

January 9, 2024

As Amended by the Nevada Division of State Parks (1-19-2024)

EXPLANATION: Matter in (1) *blue bold italics* is new language in the original bill; (2) variations of green bold underlining is language proposed to be added in this amendment; (3) ~~red strikethrough~~ is deleted language in the original bill; (4) ~~purple double strikethrough~~ is language proposed to be deleted in this amendment; (5) orange double underlining is deleted language in the original bill proposed to be retained in this amendment.

AUTHORITY: §§ 1-5 and 7-16, NRS 407.0475 and 407.065, as amended by section 1.3 of Assembly Bill No. 84, chapter 262, Statutes of Nevada 2023, at page 1757; § 6, section 1 of Assembly Bill No. 84, chapter 262, Statutes of Nevada 2023, at page 1757, NRS 407.0475 and 407.065, as amended by section 1.3 of Assembly Bill No. 84, chapter 262, Statutes of Nevada 2023, at page 1757.

A REGULATION relating to recreation; revising certain definitions relating to state parks and recreational areas; revising provisions governing the issuance of and the payment of fees for a permit to enter and use the facilities of a state park or recreational area; revising certain authorized activities for state parks and recreational areas; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law: (1) requires the Administrator of the Division of State Parks of the State Department of Conservation and Natural Resources to adopt such regulations as he or she finds necessary for carrying out the provisions of the Nevada Revised Statutes relating to state parks, monuments and recreation areas; and (2) requires, with certain exceptions, the Administrator to impose and collect reasonable fees for entering, camping and boating in state parks and recreation areas. (NRS 407.0475 and 407.065, as amended by section 1.3 of Assembly Bill No. 84, chapter 262, Statutes of Nevada 2023, at page 1757)

Existing regulations set forth the fees for obtaining: (1) an all access annual permit which, for 12 months, authorizes the holder to enter all parks and use the facilities of the parks without paying the entrance, camping or boating fees; or (2) a day use annual permit which, for 12 months, authorizes the holder to enter a park and use the facilities of the park without paying the entrance fee. (NAC 407.00605, 407.0073, 407.052, 407.054) Existing regulations further

--1--

provide, under certain circumstances, that the Division will issue an annual permit to certain senior citizens and disabled veterans to enter, camp in and boat in all state parks for 12 months. Any such senior citizen or disabled veteran is required to pay a \$30 administrative fee for such a permit. (NAC 407.050) **Sections 4-6** of this regulation reorganize these provisions. **Section 6** of this regulation also provides that a day use annual permit authorizes for 12 months the holder to this regulation makes a conforming change to revise the definition of “day use annual permit.”

Existing law requires the Administrator to establish a program for the issuance of an annual permit, free of charge, to enter each state park and recreational area to: (1) any member of an Indian tribe that is located in whole or in part in this State; and (2) any bona fide resident of this State who has been discharged from the Armed Forces of the United States, except a person who has been dishonorably discharged. (Section 1 of Assembly Bill No. 84, chapter 262, Statutes of Nevada 2023, at page 1757) **Section 6** sets forth the requirements for such a person to obtain a day use annual permit at no charge.

Existing regulations authorize, under certain circumstances, a person who purchases an annual permit to a park for a vehicle to purchase a second annual permit to the same park at a discounted price equal to one-half of the price of the annual permit. (NAC 407.055) **Section 7** of this regulation eliminates this provision, as **sections 5 and 6** set forth the circumstances under which certain persons may purchase a second all access annual permit or day use annual permit at a discounted price.

Existing regulations define a “hook-up” to mean a connection for a utility service, such as a connection for electricity, water or sewer service, which is provided by a park for a vehicle in the park. (NAC 407.0084) **Section 2** of this regulation adds a connection which is provided by a park for a cabin in a park to the definition of a “hook-up” for such utility services.

Existing regulations require a \$10 fee per vehicle at certain campsites in state parks with utility hook-ups. (NAC 407.055) **Section 7** removes those specific fees and replaces them with a miscellaneous \$10 utility hook-up fee for all state parks.

Existing regulations define a “special use permit” to mean a permit that authorizes a natural person or public or private organization to use a park for a special event or a small or short-term business venture. (NAC 407.0097) **Section 3** of this regulation removes the reference to a small business venture from the definition of a “special use permit.”

Existing regulations authorize the Administrator, with the approval of the Director of the Department, to waive fees and provide annual or daily permits without charge to organizations and natural persons to promote parks and recognize special events and programs. (NAC 407.057) **Section 8** of this regulation authorizes the Administrator to waive such fees and provide such permits without the approval of the Director.

Existing regulations divide the parks of this State into four regions and define the Tahoe region as the Lake Tahoe Nevada State Park, which consists of Marlette and Hobart Management Area, Sand Harbor, Cave Rock Management Area, Spooner Lake and Van Sickle Bi-State Park. (NAC 407.0605) **Section 9** of this regulation provides instead that the Tahoe region consists of Sand Harbor, Cave Rock, Spooner Lake and Backcountry, and Van Sickle Bi-State Park.

Existing regulations establish restrictions on certain activities within the Lake Tahoe Nevada State Park. (NAC 407.300) **Section 15** of this regulation provides instead that these restrictions apply within the Tahoe region.

Existing regulations provide that if the applicable fee has not been paid or if the time for occupancy has expired, the occupant of a campsite is required to remove any property of the occupant from the campsite by 11 a.m. on the day the fee is due or by the time designated by the supervisor of the park. (NAC 407.080) **Section 10** of this regulation instead provides that if the

applicable fee has not been paid or if the time for occupancy has expired, the occupant of a campsite is required to remove any property of the occupant from the campsite by 11 a.m. on the day the fee is due.

Existing regulations authorize a person to moor a vessel after the closing time or before the opening time of a park where mooring a vessel overnight is permitted if he or she has paid the entrance fee for the park. (NAC 407.082, 407.131) **Sections 11 and 14** of this regulation instead require such a person to have paid the camping fee for such a park in order to moor a vessel outside of established day use hours.

Existing regulations establish general restrictions on uses of a park for an organized activity, event or other purpose unless authorized pursuant to a special use permit. (NAC 407.085) **Section 12** of this regulation adds to the list of general restrictions if such use of the park involves the use of a public address system, loudspeaker or amplifier without written approval of the supervisor of the park.

Existing regulations authorize a person to drive or operate an off-highway vehicle in a park only if he or she and any passengers in the off-highway vehicle each wear a helmet that meets certain standards. (NAC 407.122) **Section 13** of this regulation instead requires only the occupants of an off-highway vehicle that are under 18 years of age to wear such a helmet.

Existing regulations require the supervisor of a park to prescribe the procedure for reserving a campsite, an area or a facility within a park. (NAC 407.067) **Section 16** of this regulation repeals this requirement.
